Sample Resume

Jordan Rivera | iOS Developer
jordan.rivera@example.com | Portland, Oregon

Profile

iOS developer who enjoys building approachable tools for everyday tasks. Experienced with SwiftUI, asynchronous networking, and testing small, dependable features.

Experience

Northstar Studio - iOS Developer
2023 - 2026

Built a document browser with nested navigation, PDF previews, and accessible loading states. Introduced URLSession test doubles to verify network failures without live services.

Cedar Labs - Software Developer
2021 - 2023

Maintained a scheduling app and improved its offline experience. Worked with designers to simplify navigation and support larger text sizes.

Selected project

Pocket Library
A personal reading organizer with document import, search, and local bookmarks. Designed a small API client with explicit cancellation and retry behavior.

Skills

Swift, SwiftUI, UIKit, URLSession, Swift Testing, Git, SQL, REST APIs

Education

B.S. Computer Science | Cascadia Example College | 2021
